### Half term work Year 8

<table>
<thead>
<tr>
<th>Subject</th>
<th>Details</th>
</tr>
</thead>
<tbody>
<tr>
<td>English</td>
<td>Students will be asked to create a book review on the novel they have been studying in class recently: 'Of Mice and Men.' All resources to support with the composition of this review are uploaded on their Google classrooms.</td>
</tr>
<tr>
<td>Maths</td>
<td>Students will complete a variety of activities on Mathswatch dependent on their class group and current topic. On 2nd Nov at 11am, they should attend the Google meet drop in for Mathswatch support.</td>
</tr>
<tr>
<td>Science</td>
<td>Watch the two videos in your google classroom on 'Energy' and 'Reproduction'. Then, complete the Google Form Quiz in your Google Classroom.</td>
</tr>
<tr>
<td>History</td>
<td>Students should complete the Native American Google Form- containing retrieval quizzes and a range of activities based on new content.</td>
</tr>
<tr>
<td>Geography</td>
<td>Students will be exploring the topic of climate change through a number of different means. Students will be focusing on how we can make change with regard to climate change, bringing in ideas of mitigation and processes that can be followed to ensure change. A literacy element of persuasive writing will feature, asking students to consider how powerful social media can be in promoting change. Students will also create their own persuasive advert of how we can implement change in our own school setting. Students will then be asked to think about this issue in a wider context and apply their knowledge of mitigation to a city-wide scenario. Finally, students will be encouraged to watch the climate change summit where David Attenborough spoke about the change that must come into play.</td>
</tr>
